

# Macadams Dome Pizza Oven

## FEATURES & BENEFITS

- Internal backing chamber is covered in stainless steel.
- Baking program input and alert sound
- Available with full programmable touch system control panel with p.i.d technology
- Rotating electric convection oven in heavy refractory structure and has independent heating system between crown and bedplate.
- Oven allows different kinds of baking e.g. pizza, arabic, bread and pastry, this is due to adjustable air flow and bed plate temperature.
- Oven allows a relevant energy saving, this is due to strong thrmic flywheel effect
